

Title:

Process Sample Evaluation Test

Aerojet Quality Note

G09

Rev # Date

0

10/23/08

Supplier shall perform the required Process Sample Evaluation Test, and return the evaluation samples with the shipment. Process samples (i.e., braze, plating, coating, heat treat, or bend samples) must be adequately identified for traceability. If directed in Work Instructions or PO, the supplier shall also provide a written test result.
