

Title:

**PLASTIC ENCAPSULATED DEVICES**

---

Aerojet Quality Note

**I08**

Rev #      Date

**0**

**10/28/08**

Prior to manufacturing/assembly, the supplier shall provide evidence to the Aerojet buyer that procedures exist for the handling of plastic encapsulated devices (PED). At a minimum, the procedure shall describe precautions taken to ensure that the integrity of the PED will not be degraded because of moisture, contamination, or ESD.

Rev	Date	Description of Change	Changed By

This document is an integral part of the contract (purchase order) in which referenced. **Applicable Revision:** The revision in effect at the time the purchase order is placed.
