

F02: First Article Inspection Report with Shipment (12 Months)

First Article inspection shall be completed in accordance to Aerojet Rocketdyne General Requirements. The First Article Inspection must be submitted via the Supplier Action and Information Request (SAIR) Process available from the iSupplier Portal and approved by Aerojet Rocketdyne. The seller shall in addition to these requirements, complete/evaluate First articles when FAIR trigger events listed in AS9102 Sections 4.6F at a twelve (12) month period (Deviation from AS9102).

Deliverable:

Objective evidence of approved FAI shall be submitted with initial order as well as proof with every subsequent order.
