

#### J04: As-Built Configuration List

##### Deliverable:

The supplier shall furnish with each unit a legible and reproducible copy of the “as-built” parts list (including Aerojet Rocketdyne-furnished parts), identifying all part numbers, configuration, serial numbers (when required), lot control numbers, and quantities.

This document is an integral part of the contract (purchase order) in which referenced. **Applicable Revision:** The revision in effect at the time the purchase order is placed.
